Why is testing for moisture so important?

According to agricultural nutrition experts, the single most important factor influencing the quality of grain, hay and silage is moisture. Moisture management is a continuous process that requires measuring tools. It is essential to test the moisture content of grain and hay before and during harvest and throughout storage. Without moisture tests, there are risks:

- If harvested grain or hay contains excessive levels of moisture, additional costs could be incurred, drying of the crop prior to re-sale or disposal
- Crop quality will degrade if stored at lower temperatures with higher levels of moisture, with possibilities of rendering the crop as waste
- Poor quality grain or hay could have a lower market value

New

Silage tape (black)

Black silage tape, specially designed for repairing silage bags, sheets and wrap. Highly adhesive to polythene and can be used in other applications. Roll size: 100mm wide x 30 long

Part no. **VLD1849**

Cab glass and accessories

Vapormatic quality cab glass

An extensive range of toughened and laminated cab glass matching OE specification.

Vapormatic toughened glass

The toughened glass production process increases the strength up to five times. It has built-in break-safe characteristics, causing the glass, when broken, to disintegrate into relatively harmless small pieces. It also has increased resistance to thermal shock.

Vapormatic laminated glass

Laminated glass is usually found on a vehicle's forward facing view and provides the operator a built in safety feature. Following impact, cracks are almost certain to occur although the integrity of the glass is preserved, offering protection against the elements and any attempted intrusion.

Shipping

Vapormatic's glass is shipped using special packaging that reduces the chance for breakage during transportation. You can be sure to receive your glass without damage.

Popular applications include:
Ford, Case, John Deere,
Massey Ferguson...

To see the full range of glass for your tractor cab please visit www.vapormatic.co.uk

Suction lifters

Makes carrying and manoeuvring large items such as glass, doors and large panels!

Single suction cup

Lifts up to 30kgs

VLC3200
Straight arm/flat screen

Universal mudguard kit

Mudguard kit to suit ZF and Carraro type axles. Kit comprises of left and right hand brackets and two flexible mud wings (VLD1810). Width 400mm, length 1315mm, radius 720mm and depth 40mm. Bolts not included.

Supporting parts include:-

Bolt kits and conversion plates to allowing fitment to various tractor models.

Part no.

VLD1801

£397.95 ex VAT

Mudguards

Flexible rubber mudguards

Concentrated screen wash-5ltr

A premium year round screenwash additive, aids in the cleaning of windscreens and prevents freezing of washer bottles in severe winter weather. Formulated on low odour materials and includes a perfume to prevent unpleasant odours penetrating the vehicle. May also be used neat as a de-icer. Makes up to 125 litres. Suitable for conditions upto -15 deg.C (Undiluted)

Fuel handling

* Products available June 15

Metered fuel station*

Self priming vane pump with Internal bypass safety valve

- 60 l/min flow rate
- Heavy duty 4m dispenser hose
- 2m fuel inlet hose with strainer
- Resetable 4 digit flow meter with totaliser
- Auto shut-off nozzle with soft grip handle and 360° swivel
- Complete with 10 micron water / particle filter 120L/min (Max)
- Convenient mounting plate with nozzle holder

Part no. **VLA3078 £518.00** ex VAT

NEW

Diesel flow meter*

Resetable 4 digit flow meter with totaliser

- 1" BSP connection
- Pre calibrated for diesel
- Suitable for gravity and pumped fuel stations
- Can be recalibrated
- IP 65 rated

Part no. **VLA3079 £91.00** ex VAT

NEW

Digital flow meter*

- LCD display
- Flow rate: 5 - 120 L/min
- Max Pressure: 10 Bar - 145 PSI
- 1" BSP connection
- Recalibration mode
- Includes 1" BSP female connector
- IP 65 rated

Requires 3 x AAA batteries

Suitable for: Diesel fuel, Water, Water/urea solution,

Part no. **VLA3081 £105.00** ex VAT

NEW

NEW

Retractable Hose reel*

10m Heavy duty 3/4" NBR hose
Auto rewind mechanism with locking action
Hose guide with rollers
Heavy duty wall mount brackets

Part no. **VLA3080 £379.00** ex VAT

Fuel tank water separator

2 pack

- Helps reduce bacterial growth and mechanical problems associated with water in fuel.
- Ideal for machines with low fuel turnover or those used in cold weather, where condensation is likely.
- Simply place in your fuel tank, secure with the supplied wire and this little unit will absorb any water present.
- Can be used in diesel, petrol, kerosene, hydraulic fluids and mineral spirits.

Part no. **VLB4012 £15.00** ex VAT

Absorbent granules

20 Litres

Will absorb many times its own volume of spilled liquid. Contains no silica.

Part no. **VLL4077 £10.36** ex VAT

12V Submersible fuel pump kit*

- Max flow rate - 18 Ltr/min
- Max pressure - 15 PSI
- 50mm diameter body
- Heavy duty battery clamps
- Integral inlet strainer, flexible hose and nozzle
- Suitable for transferring diesel, vehicle coolant and water.
- CE approved

Part no. **VLA3076** **£40.60** ex VAT

NEW

Gravity feed hose kit

Gravity hose kit with 3.4m delivery hose and metal dispenser nozzle. For use with diesel fuel only. **NOT for use** with petrol or paraffin.

Part no. **VLA3029** **£50.32** ex VAT

Quality Product

Fuel dispenser hose

Replacement hose for VLA3028 and VLA3054 fuel transfer pumps. 4m x 3/4" ID hose with swaged brass fittings, Nitrile Butadiene rubber (NBR) construction with internal stainless steel braiding for strength and flexibility. Suitable for diesel, biodiesel and oil.

Part no. **VLA3073** **£37.27** ex VAT

Fuel transfer pump

A self-priming pump with built in bypass for diesel and light oil transfer. 40 litres per minute capacity. Supplied with on/off switch, carrying handle, 2m battery cable with clips, 4m delivery hose, metal nozzle and filter.

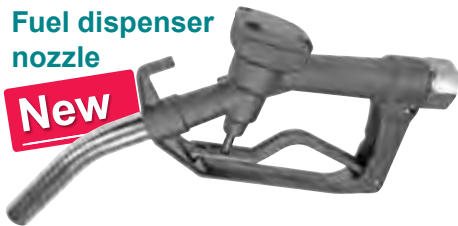

Part no. **VLA3054** - 12V **£149.00** ex VAT

Part no. **VLA3028** - 24V **£149.00** ex VAT

Fuel dispenser nozzle

Fuel dispenser nozzle

New

Features:

- Aluminium body • 80L/min, max flow rate
- 2 Lockable trigger positions
- 1" bsp, 360° swivel female inlet with metal strainer
- Angled outlet pipe for easier dispensing
- Suitable for diesel and biodiesel
- CE approved

Part no. **VLA3075** **£31.15** ex VAT

New

Features:

- Soft grip, insulated handle
- 3/4" bsp, 360° swivel female inlet with metal strainer
- 80L/min, max flow rate
- 3 lockable trigger positions
- Suitable for diesel and biodiesel
- CE approved
- Auto function does not work on gravity fed tanks

Part no. **VLA3074** **£49.56** ex VAT

Fuel handling

Water separating bulk tank filtration

Protect your tractors fuel system by filtering the fuel as it's delivered to the tank. Removing water helps to prevent bacterial growth and improve running performance. All filters are 10 micron and rated up to 170psi and are Suitable as a replacement for existing banded tank filter and bespoke applications.

Clean Fuel

Diesel fuel additive

- Outstanding detergency performance provides first rate fuel injector cleanliness
- Offers typically 2.0 cetane number boost which provides benefits to emissions, start up and noise
- Added lubricity component helps reduce pump wear
- Superior anti-corrosion performance
- Low foam enables extra fuel delivery during tank filling

1 litre

Treats up to 2,500 litres of fuel.

Part no. **VLB1025**

£19.94 ex VAT

Improved Formula

Star Tron bacteria control diesel fuel additive

Eliminates Bacteria

- Enzyme technology eliminates bacteria build up in the fuel
- Cleans injectors, fuel delivery system and combustion chambers
- Dramatically increases the shelf life of fuel. Star Tron treated diesel will keep for up to two years
- Up to 80% reduction in carbon soot emissions
- Increases fuel economy by improving the combustion process
- Restores the condition of old fuel; improving cetane ratings, removing water and breaks down deposits.

237ml.

Treats up to 1,000 litres of fuel

Part no. **VLB1044** **£17.95** ex VAT

1 litre

Treats up to 3,785 litres of fuel

Part no. **VLB1045** **£59.95** ex VAT

Measuring jugs

Reach those awkward filling points and prevent content contamination with these practical jugs.

Lubrication

Side lever grease gun

Imperial thread coupling.
Can be bulk loaded or used with 400g cartridges. Complete with cranked rigid extension pipe and 4 jaw coupler. Operating pressure 705 bar.

Part no. **VLB1006**

£15.99 ex VAT

Side lever grease gun

Metric M10 thread coupling.
Can be bulk loaded or used with 400g cartridges. Complete with flexible extension pipe and 4 jaw M10 coupler.

Part no. **VLB1026**

£15.99 ex VAT

Pistol grip grease gun

Can be bulk loaded or used with 400g cartridges. Complete with rigid extension pipe and 1/8" BSP 4 jaw coupler.

Part no. **VLB1007**

£23.50 ex VAT

Grease gun mounting bracket

For the easy attachment and removal of grease guns to machinery, tool boxes or walls.

2 x 8mm holes and 1 x 15mm hole.

Part no. **VLB1016**

£4.95 ex VAT

4 Jaw grease gun couplers

Reduces grease loss by ensuring the best grip in application.

1/8" BSP (pack of 2)

Plastic oil can 850ml

With rigid spout

Part no. **VLB3005**
£12.55 ex VAT

Rotary barrel pump

Robust metal construction. Suitable for fuels and light oils. 2" BSP retention adaptor, 980mm steel suction tube and discharge spout. Delivery 410ml per rotation.

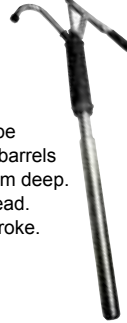

Part no. **VLB3033** **£29.97** ex VAT

Hand operated barrel pump

Telescopic suction tube permits operation on barrels from 490mm to 865mm deep. Standard 2" BSP thread. Delivery 260ml per stroke.

Part no. **VLB3030**
£28.63 ex VAT

Copper grease 500ml

Copper anti seize grease
High temperature resistant copper based grease.
Prevents galling and seizing caused by corrosion and heat. Typical applications include wheel bolts and manifold studs.

Part no. **VLB4205**
£8.60 ex VAT

Plastic barrel pump

Plastic lever pump with viton seals suitable for dispensing Adblue, Antifreeze, Agricultural herbicides and pesticides, oil and diesel. Fits most 205ltr drums and has flexible delivery tube.

Part no. **VLB3075**
£55.30 ex VAT

Multi-purpose EP2 grease 400g

Cartridge suitable for general grease guns.

Part no. **VLL3011**
£1.62 ex VAT

Grease nipple selection packs

An assortment of 110 x 6mm and 10mm grease nipples, straight, 45° and 90° angles. Contents quantities may vary.

metric

Part no. **VLB2005**
£10.50 ex VAT

An assortment of 105 x 1/4" and 1/2" grease nipples, straight, 45° and 90° angles. Contents quantities may vary.

Air compressor

The portable compressor has a max pressure of 150psi and therefore is suitable for a wide variety of applications from the smallest lawn and garden tractor tyre to the largest machine tyres on the market. Comes complete with a range of inflation valves and adaptors for a wide range of uses.

- Pressure gauge in psi, kg/cm, bar
- Flexible hose with quick release inflator/deflator and large gradient pressure gauge
- Max amperage
- 14Amps and Wattage - 150W
- Max pressure - 150psi
- Power cable - 3m
- Air line length - 5m

Part no. **VLA3072**

£59.95 ex VAT

Lapping compounds

Our water based lapping compounds are ideal for sharpening cylinder mower blades in situ. Depending on the degree of wear and type of equipment the correct grade is available from fine to coarse. A stable, easy-to-use fluid which has low environmental impact and excellent value for money.

- Washes off easily
- Low 'fling' formula
- Anti-corrosion agent to stop rusting
- Oil free
- Low odour
- Improves cutting performance
- Immediate results
- Suitable for most types of equipment

Digital tyre pressure gauge

A neat palm sized tyre pressure gauge with a multitude of functions. Psi, Bar, kPa and kg/cm² can all be accurately measured under practical LED illumination. Integral tyre depth gauge. Dual powered, with auto power-off function to maximise battery life.

Part no. **VLD6075**

£8.95 ex VAT

Great Value

Slime – Tyre Sealant

Slime is a high quality, innovative tyre care product formulated and tested for use in all tubeless tyres. Once installed, Slime remains liquid and will not harden or dry out for two years. As the treated tyre rotates, centrifugal force pushes the sealant to the tread area creating a layer of protection, repairing punctures as they occur and treating existing punctures

Features:

- Remains liquid inside the tyre, coating the tread area as the tyre rotates
- Non-toxic, non-hazardous, non-flammable, and water soluble
- Contains rust and corrosion inhibitors to maintain the integrity of the rim
- Tyre Pressure Monitoring System (TPMS) Safe
- Tyres treated with Slime sealants can be cleaned out with water allowing for the installation of a professional plug/patch.

Short motors

Vapormatic Short Motors are manufactured to the highest standards and use all new Vapormatic parts.

When installing a Vapormatic Short Motor you can be confident that your rebuild will come in on time, on budget and add value to your tractor.

- Blocks and components machined to Vapormatic's specification
- Professionally built in the UK by trained engineers
- Full 12 months parts and labour warranty
- Reduced downtime of your tractor
- Available at your stockist next day*

What's included?

All blocks are supplied fully assembled including:

- **Block • Crankshaft • Con rods and bearings**
- **Pistons and rings • Liners** (Perkins only) • **Camshaft**

**Next day delivery is subject to availability and delivery charges.
Please see your Stockist for more information.*

Short Motors suitable for:

Ford BSD444 - Normally Aspirated

4 Cylinder, 111mm bore x 111mm stroke
Suitable for: Ford 6410, 6600, 6610, 6700

Also suitable replacement for: BSD442
Suitable for: Ford 5000, 5110, 5600, 5610, 6700

Part no. **VPB8025**

Ford BSD444T - Turbo version

4 Cylinder, 111mm bore x 111mm stroke
Suitable for: Ford 6810, 7600, 7610, 7710

Also suitable replacement for: BSD442T
Suitable for: Ford 7600, 7700

Part no. **VPB8026**

Electrical and battery maintenance

Battery chargers

Charge, maintain, recover and extend the life of your vehicle's battery. Vapormatic have introduced a range of fully automatic micro processor maintenance chargers with auto 6V-12V voltage detection. From 2A 'connect and forget' models to 70A fast charge with selectable charge rates and start/boost facilities, are available. A range suitable for multiple applications, such as ride on lawn mowers to combine harvesters. Covering all types of lead acid batteries; standard lead-acid, calcium, AGM, start-stop and gel-cell.

While Stocks Last

- Ideal maintenance charger for motorcycles, ATVs, garden machinery, golf trolleys and cars
- Suitable for all rechargeable lead/acid batteries between 6 and 100A/hr
- 3 Output connection options
- 2A max charge rate

Part no. **VLC1033**

£47.45 ex VAT

- Reverse polarity protection
- 3 Charge rates – 2A, 6A and 10A fast charge
- Suitable for all rechargeable lead/acid batteries between 5A and 120A/hr

Part no. **VLC1034**

£59.95 ex VAT

- Deep discharge battery program to recover deeply discharged batteries
- 3A Slow charge program for charging smaller batteries
- Up to 30A rapid charge program for larger batteries
- 150A engine start facility
- Built in digital voltmeter/tester

Part no. **VLC1035**

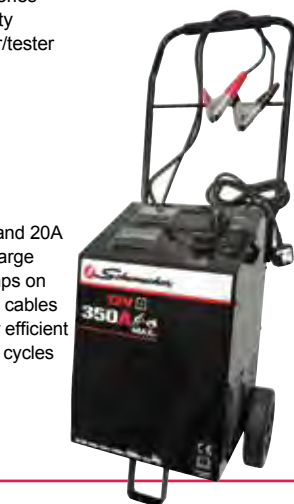

£104.95 ex VAT

- 350 Amps engine start
- 70A rapid charge; 40A and 20A fast charge; 4A slow charge
- 600A HD Chrome Clamps on 2m Long welding grade cables
- Powerful cooling fan for efficient cooling and longer duty cycles

Part no. **VLC1036**

£394.95 ex VAT

Battery tester

For Professional and do-it-yourself use. Easy to operate. Test load, battery condition, starter motor draw and complete charging system diagnosis.

Suitable for 6 and 12 Volt batteries.

- Tests up to 1000 CCA
- Super-grip battery clamps – heavy-duty and colour-coded
- Easy-to-read meter – accurate and shock resistant

Part no. **VLC5072** **£45.61** ex VAT

Booster packs

Booster packs, sometimes referred to as Jump Packs, are designed to provide portable power to start a multitude of vehicles even with 'flat' batteries. Professional grade high performance Hawker Enersys AGM non-spill Batteries, external dedicated chargers and H/D clamps provide a robust portable power solution.

- 651A @ 5 seconds jump start output (4400 peak amps)
- 12/24V selectable option
- Audible alarm signal, reverse polarity, over voltage (to protect 12V versions) connection reminder
- External 2A automatic charger for fast safe charging and maintenance

Part no. **VLC5071**

£519.95 ex VAT

- 400A @ 5 seconds jump start output (2200 peak amps)
- 12v DC power outlet fused at 15A
- Charging and Charged status LEDs
- Tough Polypropylene case

Part no. **VLC5076** **£159.95** ex VAT

from

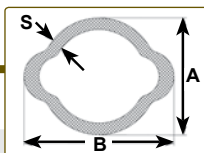

Evolution provides a top technology product for higher horsepower applications commonly used by large farms or contractors but equally provides numerous benefits to less demanding applications. Evolution is a unique fully interchangeable alternative to German type PTO Shafts and components.

New Technology Highlights

- Redesigned universal joints with up to 50 working hour lubrication intervals
- Grease nipples located on end cap of UJ for easy greasing through guard bellows.
- Easy greasing system for telescopic tubes through safety guard tubes.
- Profile tubes have tube seals to keep dust and dirt out and prolong life of telescopic tubes.
- Steel quick release collar locking system for extreme conditions
- Increased power range up to 300 HP
